

The front of the Illinois Bell Telephone office on Main Street is getting a face-lifting for spring.

School Leaders Discuss Problems of Students

Student Adjustment was discussed at a luncheon meeting in the high school office Wednesday, March 23. School administrators who were present for the discussion were Richard Whitacre, Antioch Grade School; Clifton Houghton, Oakland; Melvin Colbert, Lake Villa; James Bradley, R. J. Hooper; John Schockmel, Grass Lake; Jack Adams, Millburn; Father David Lynch, Prince of Peace; Father Alfred Henderson and Father Lawrence Hanley, St. Peter's, and Superintendent Albert Dittman, Asst. Supt. Warren Polley, Dean of Boys Lawrence Eggleston and Guidance Coordinator Edward Kurek.

Only a minority of the students attending Antioch High have adjustment problems. The number of dropouts has averaged less than four per cent per year in the past several years. Nevertheless, Supt. Dittman said, the problems of unsatisfactory student adjustment are a concern to the school.

Some statistics for the past year—students failing one or more subjects for the first semester, 12 seniors, 22 juniors, 50 sophomores and 32 freshmen.

There were 516 referrals to the office involving boys because of school rule or behavior infractions.

There were 193 girls referred to the office.

Approximately 50 boys were suspended from school. Some of the causes for poor student adjustment and unsatisfactory citizenship are believed to be the home environment, socio-economic conditions, the school organization and lack of coordination between various community institutions.

To help solve the problems, Antioch High School is working for curriculum improvement, with ability-grouping, remedial classes, special education, a work-study program, a health clinic, teacher/student/parent conferences and student progress reports.

Mrs. J. Fields Chairman of Cancer Fund Drive

Mrs. John Fields, Edwards Road, Antioch, has been appointed Antioch Chairman of the American Cancer Society's 1966 Crusade.

Mrs. Fields said she was glad the Society was carrying on its tradition of "Tell Your Neighbor" the facts about cancer during the Crusade.

"I am confident with an increased number of volunteers who want to serve in a great humanitarian effort, we will accomplish much," she said.

If you are willing to serve as a volunteer, contact Mrs.

Move Office Of Chamber

The Antioch Chamber of Commerce has moved to new quarters. The new Chamber office will be at 383 Lake St., above Erickson's Sewing Center.

Chamber offices were moved Wednesday. The move was made necessary by plans of the First National Bank to move into the building vacated by the State Bank of Antioch and to establish a drive-in window on the south side of the building.

The large planter in the corner area will be demolished. The Chamber donated trees in the planter to the Lions Club, and they were moved to the swimming pool area. The benches were returned to the village.

The Chamber will hold a meeting April 11 to discuss the Treasure Chest promotion being planned for May 5 through 19. Merchants who are interested in the promotion will have a chance to learn details at the meeting.

The meeting will be at the Antioch Savings & Loan community room at 7:30 p.m. Refreshments will be served. Lewis Simon is chairman of the Retail Sales committee.

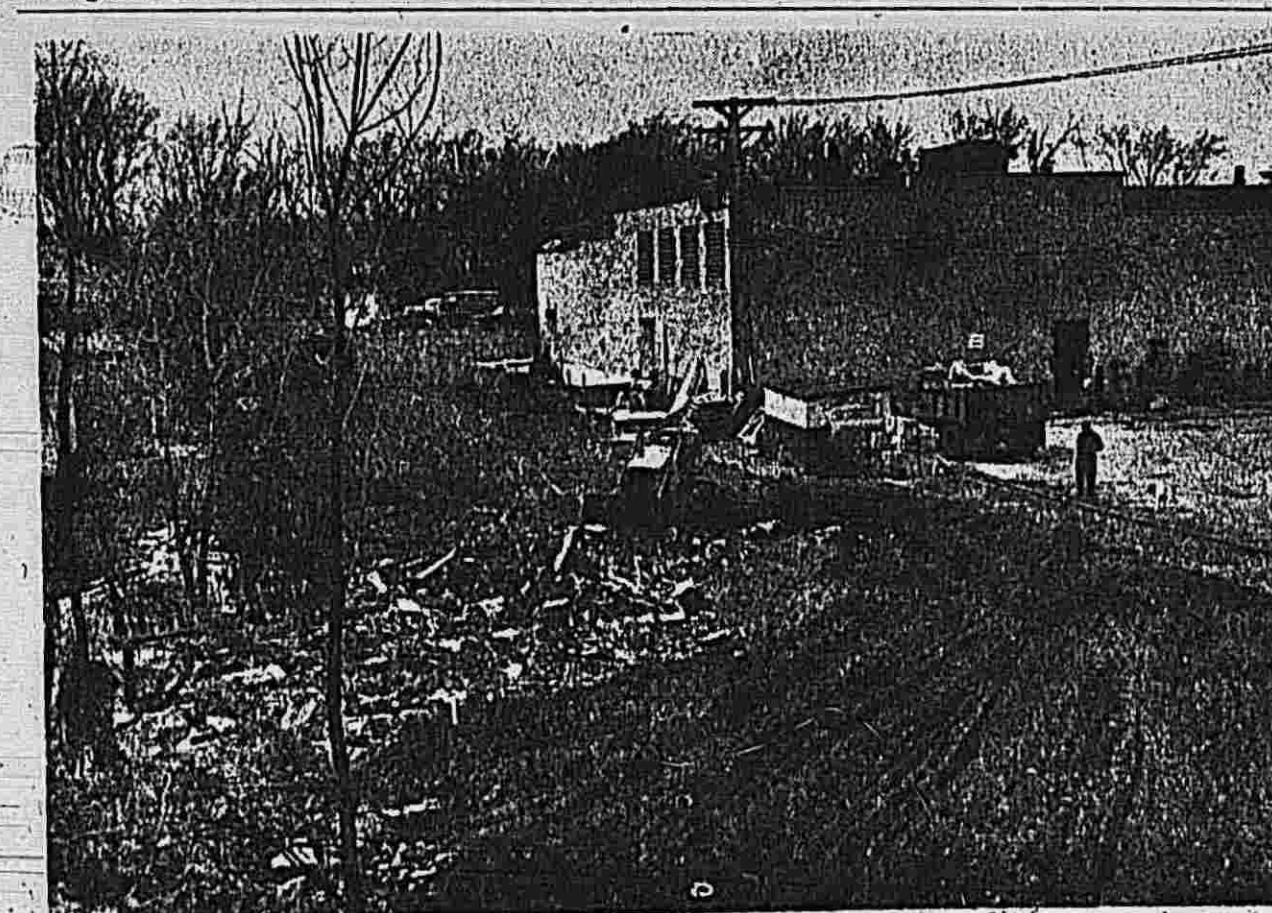

Fields at 395-1215.

The goal for Antioch in 1966 is \$900. Antioch raised \$912.75 in 1965.

The Lake County goal for 1966 is \$70,000.

Workers put the finishing touches on the roof of the new Antioch News building. The rear of the Ben Franklin Store is visible to the right, the Jewel parking lot in the background.

This picture, taken from the roof of the Antioch News building, shows work in progress on the addition to the parking lot of the Jewel. The area behind the store and parking lot is being prepared for blacktopping.

VOL. LXXX. NUMBER 40

Toft Chooses Zoning Board

Although it won't be official until the Village Board approves his choice, Mayor Raymond Toft has selected seven men for the Zoning Board of Appeals.

Chairman of the Board is Fred Walpole. The other members are Art Launsen, Robert Bolton, Richard Radke, Earl Pape, Dr. Edward Warner and Thomas Haley.

The zoning board will hear all petitions for re-zoning of property in the village.

Establishment of the board was made necessary by the passing of the new Zoning

Code for Antioch. The Zoning Code was approved at the March 1 meeting of the Village Board, after a public hearing and a few changes in zoning requested by residents and approved by the Zoning Committee.

Mayor Toft then had 30 days to appoint a Zoning Board of Appeals. In the meantime, all re-zoning in the village was suspended.

The appointments will probably be presented to the Village Board for approval at the April 5 meeting of the board.

Consider Formation Of Park District

Representatives of several civic organizations met at the Rescue Squad building in Antioch Tuesday night to consider plans for the formation of a park district for the village.

William Seemann, president of the Lions club, served as chairman for the meeting. Richard Daniel, vice president of the State Bank, informed the group what action would be necessary to form a Park District in the village.

First move, Daniel said, would be to get 100 signatures on a petition; the petition

would then be filed with the Judge of the Circuit Court. If approved, a referendum date would be set, giving the citizens a chance to vote for or against the District.

An election of park commissioners would be held concurrently with the referendum. Seven Park Commissioners would be elected.

The Park District would be a separate body, operating independently of the village board.

The possibility of creating a park district has been under study by a committee composed of Leonard Roblin, Ray Toft, Maynard Schneider, William Brook and Richard Daniel.

Those present at Tuesday night's meeting, and the organizations they represented are Mrs. Norman Jedele, Antioch Woman's Club; Ed Kurtz and Dick Jorgensen, Antioch Moose; Dale Starkey, Little League; John Horan, the American Association for Retired Persons; Jim Fields, Antioch Rescue Squad; Sam Lombardo and Edgar Johnson, Oakwood Knolls subdivision; James Ferrier, American Legion; William Seemann, Lions Club; and Arthur Meierdick, the Village Board.

The next meeting of the group will be held Tuesday, April 26, at 8 p.m. at the Rescue Squad building. At that time club representatives will report on the reaction of their groups to the plan. Anyone interested is invited to attend the meeting.

Grade School Band Takes First Place

Saturday, March 26, the Antioch Grade School Band, under the direction of George Olshar, received a First Division rating in the District Band Contest. This makes it 12 years in a row for the Grade School Band, a record better than most bands in the area.

The contest was held at the Neal Junior High in North Chicago. This victory qualifies the band for the State competition to be held at Round Lake on April 30.

The Antioch Grade School Band Parents Association will hold its monthly meeting on Tuesday, April 5, at 8 p.m. This meeting will be held in the Antioch Building Cafeteria. State contest plans will be discussed.

Wife of Founder Of Allendale Dies

Mrs. Maud Menesee Bradley, widow of the late Capt. Edward Bradley, founder of Allendale, a School, passed away March 25 at New Haven, Conn., a nursing home for Christian Scientists at Puyallup, Washington. She was born in Virginia and came to Allendale as "Cap" Bradley's bride in 1901.

Her kindness and understanding made her beloved by all of the Allendale family, during her 35 years of devoted work at the side of Edward Bradley.

Her wishes were to have her ashes placed next to Capt. Bradley's in the Lectern at Allendale outdoor chapel.

A memorial service will be held at 3 o'clock April 17 in the chapel at Allendale.

Better Service For Rural Phones

Some 200 rural telephone customers in the Antioch area will receive improved urban service beginning April 17. The change will also mean an annual customer savings of \$1,300 through the elimination of mileage charges and rural telephone service rates.

Said Jerry Babb, local telephone company manager, "The recent installation of some 30,000 feet of underground telephone cable makes it possible for us to offer improved service to these customers at lower rates."

"We were anxious to provide this service improvement earlier this year, but the hurricane which wrought severe damage in Florida and Louisiana made it necessary for the Bell System to divert all available cable to that area."

"After we finally received shipment of the cable we

needed in Antioch, the weatherman made up for Hurricane Betsy by sending us a mild winter. This mild weather enabled us to get the cable underground in time to eliminate rural telephone service here by April 7."

"We want to thank our customers for waiting so patiently to receive the type of telephone service we think they deserve."

Price of Electricity To Drop April 1

Commonwealth Edison Company customers will get an annual reduction in electricity prices of more than \$3,000,000 starting next month. It was announced by James W. Karber, Chairman of the Illinois Commerce Commission.

Mr. Karber said the reduction, to become effective April 1, results from lower costs for fuel delivered at the company's generating stations. The savings are automatically passed on to customers under a fuel adjustment clause in the Edison rate schedule.

"Including this latest reduction, our electricity prices have been lowered by more than \$31 million on an annual basis since 1962," J. Harris Ward, chairman of Commonwealth Edison Company, said. "Our customers can expect \$9 million or more of further savings before 1970 as still lower fuel costs are achieved."

Under Edison's fuel adjustment clause, the new reduction will be applied at the rate of one cent for each 100 kilowatt-hours of use.

When you hire a man at a very high salary, you mustn't expect him to work all the time; it takes a good deal of his time to spend the salary.

"Mouse That Roared" At Antioch High

"The Mouse That Roared" will be presented by the students of Antioch High School Friday and Saturday, April 1 and 2, at the High School auditorium. Curtain time is 8 p.m.

The comedy will be directed by Kenneth Smouse, who is also active in the PMEL. The play has the largest cast to take part in a play at Antioch High School this year.

The part of Gloriana XII in the play is taken by Candy Bentel; Tully Bascom, Rod Patterson; Count Mountjoy, Al Murphy; David Benter, David Chandler; Professor Kokintz, Roger Kovaciny, plus thirty more.

Establish Suraya Brook Scholarship Fund

The Spanish Club of Antioch High School has announced its intentions of establishing a memorial scholarship fund in the name of the late Suraya Brook, a recent graduate of the high school. Suraya was an honor student and active in many activities during her career in the high school. She took two years of Spanish at Antioch and had been majoring in Spanish in college until she was stricken by her illness.

A number of years ago Suraya actually helped to found the present Spanish Club.

The guidance director, Mr. E. L. Kurek, in conjunction with Spanish Club sponsor Mrs. Betty Scott, and the officers of the Spanish Club are at present working out the criterion for qualifications for the scholarship. These will be announced at a later date.

The Spanish Club wishes to announce that contributions by any interested persons will be accepted. Checks should be made out to the high school and addressed to the

Suraya Brook Scholarship Fund.

A memorial plaque will be established to hang in the school and bear the names of the recipients of the scholarships from year to year.

Yolanda Hears From Soldiers In Viet Nam

Yolanda Maria Holtz, who collected stamps to buy a car for the nuns at Spring Grove, discovered Tuesday that her fame has even spread to Viet Nam.

Yolanda received a doll Tuesday, sent to her by a soldier in Viet Nam. He wrote her a letter, saying that he had seen the story of her good deed in a paper, and wanted to reward her for her unselfishness.

Yolanda also received a letter from a professional soldier in Viet Nam congratulating her on her action. She promptly answered both letters and told the soldiers she would pray for them.

Yolanda is now busy collecting stamps to help the nuns at St. Benedict's.

Science Fair Has Large Attendance

The ninth annual Science Fair at Antioch High School drew a large crowd of participants and spectators.

About 500 persons were estimated to have viewed the students' exhibits. There were 160 projects entered, with 240 students involved.

The Fair was held Wednesday, March 23. Schools taking part were Antioch Grade School, Oakland, Emmons, Prince of Peace, Lake Villa, and the High School.

Robert Hunt, 8th grader at Lake Villa Grade School, and Glen Oftedahl, a junior at Antioch High, received \$25 savings bonds for the outstanding junior high and senior high projects. The bonds

were presented to the boys by John Fields of the State Bank of Antioch.

Robert Hunt's project was Thermodynamics of a Steam Engine. Glen Oftedahl's project was A Low Energy Ion Accelerator. Glen was also winner of last year's Science Fair.

William Seemann, sponsor of the fair, said several faculty advisers did an outstanding job. They included Sister Michaeline and Sister Teresa of Prince of Peace Grade School, Mrs. Mary Kern of Oakland, and Mr. Strickler of Lake Villa. Mr. Strickler helped to organize the fair.

Students from Antioch who helped with arrangements

were Lee Craner, student chairman; Terrence Witkowski, president of the Science Club, and all science club members.

The students who took first place in various categories will take their projects to Lake Forest College April 2 for the North Suburban Science Fair. In addition to Hunt and Oftedahl, they are: Heather Petty, Stephen Church, Nanette Beager, Debbie Jones, Mary E. Wolff, Betsy Oliver, John Sherwood, Larry Halvey, Richard Charbonnier, Janet Schoelzel, Terry O'Higgins, Marilyn Olson, Janice Doolittle, Elaine Wells, Calvin Baker, Don Hill, Mary Stefanski, Marcia Mieux, Susan Sherwood, Jim Lewis, Jan Flint, John Prossie, Jody Meier, Sandy Vascey, Jan Prehn, Sherry Thompson, Linda Lance, Karen Walker, Jack Powell, Jim Moore and Kathy Wurster.

Glen Oftedahl, and Robert Hunt receive \$25.00 bonds from John Fields, vice president of the State Bank, for their outstanding science projects.

Protecting The Citizen

Governments, local and federal, are frequently busy formulating laws to protect its citizens against people who would victimize them. Stiffer credit laws, truth in packaging, new Food and Drug laws, standards for safe tires—all excellent measures, no doubt.

But there's a sadly neglected field—laws to protect the ordinary citizen from actions taken by the government.

There is no room, it appears, for common sense or ordinary human decency in the administration of government affairs. A sample is the young man who committed suicide a few months ago when a state government garnished his wages for state income tax. The man knew there was no recourse from a government action. No chance to have his case heard in court, to arrange an installment payment.

The most recent example is the war veteran who received \$78 not due him, through a mistake made by the Veterans Administration. Somehow, five years later, the government discovered their error. Now, they say, the disabled 74-year-old vet must return the money.

They know he can't. Simple figures must convince them of that. The unfortunate situation is created by an error of their department. Yet they have no provision to apply a little common sense and write the matter off the books. They have rules, and they must be abided by, even if it means senseless starvation for a helpless old man.

Publicity will find a way out for this man. How many thousands more are the victims of the impersonal, rigid rulings of a government that hands out millions with one hand, and snatches a pittance from a lone citizen with the other?

Courthouse Notebook

BY LOU DURKIN

It is beginning to appear that the recent Republican conclave to select candidates for county office and thus offset the importance of the June primary election was an exercise in futility.

The Republican precinct committeemen endorsed W. C. Petty for County Superintendent of Schools; Central Committee Chairman Robert J. Milton for County Treasurer; Capt. Harold Scheskie for Sheriff, and Truman (Snapper) Gerretsen for County Clerk.

This action was expected to chase all other potential candidates out of the race for GOP nominations and foster a great party unity.

It hasn't worked out that way, however, and there will be contests for each office except that filled by Dr. Petty for more than a quarter of a century.

Chief Deputy Norris Froelich wasted no time in displaying his disdain for the endorsement accorded Capt. Scheskie, filing his nominating petition for Sheriff less than 48 hours after the convention adjourned.

Zion Police Chief Lloyd DeTienne, who ignored the endorsement convention, has entered the race officially and politicians are taking a second look at his chances because of the apparently irreconcilable split between the Scheskie and Froelich forces.

Deerfield Township Assistant Supervisor Ray Sheahan is benefiting from an anticipated backlash against Milton who courted voter displeasure by remaining as chairman of the convention even though he was himself a candidate for endorsement.

Challenging the endorsement of Gerretsen will be Robert H. (Mickey) Babcox, former Lake County coroner, who lost out to the Grant Township resident on the fourth ballot.

Babcox decided on the challenge after a quick survey among Republican voters revealed a growing resentment over the unprecedented convention.

Many voters are saying now that they would have voiced opposition before the convention, but they were sure the committeemen would fail to reach a decision on any of the candidates in the convention.

Many of the precinct committeemen who took part in the nominating convention are feeling the result of the voter revolt in their own precincts.

Some familiar political names are entering the precinct committeemen areas in an effort to unseat incumbent precinct committeemen, partly as a result of the convention and partly because prospective candidates for the two judgeships to be filled in November need committeemen they can count on in the judicial conventions next August.

In Waukegan, Hugh Kennedy, son of the late Thomas E. Kennedy, former Lake County Sheriff and long-time political power in the county, will seek election as GOP committeeman in Precinct 43 and can be expected to support the Babcox bid for County Clerk.

In Newport Township, Jeff Serdar, son of Paul Serdar, former Chairman of the Illinois Racing Commission under Gov. William G. Stratton, will be a committeeman candidate.

Many of the committeemen contests are being sparked by the candidates who failed to get the party backing in the convention and these contests could have a bearing on the outcome of the county races.

Cong. Robert McClory will have some new territory to campaign in when he sets out on his campaign for re-election, but he apparently will have some of the same opposition here in his home county.

The prominence given the candidacy announcement of Herbert L. Stern, of Highland Park, Democratic candidate for Congressman, and the

Along the Way, Annie Mae

Your Congressman Reports....

By Cong. Robert McClory

Former Vice President Richard Nixon said recently that the principal political issue in 1966 will be inflation. Whether or not Mr. Nixon's prediction is correct may not be known for at least another six months. However, what is certain is that the Congress must face up to a threat of inflation at the present session.

Many members of Congress and, indeed, the public at large appear not to be aware of the danger signs or implications of inflation.

The classic description of inflation is "too much money chasing too few goods." In other words, if the money supply increases more rapidly than the production of goods, costs begin to soar and the purchasing power of the dollar decreases rapidly.

The Federal Reserve Bank took cognizance of the inflationary danger signs last December by increasing its discount rate on loans to commercial banks. This had the effect of reducing the money supply and retarding the inflationary trend.

However, the Federal Government, by increasing its expenditures and by creating additional Federal deficits, is feeding the inflationary fires. Legislative proposals for retarding the inflation spiral include: (a) a further tax increase, and (b) wage and price controls.

The effects of a general tax increase might well be to reduce the anticipated Federal deficit. However, the recently enacted Tax Adjustment Act of 1966, which increases certain excise taxes and accelerates the payment of corporate income taxes, may result in reducing production of goods and thereby add to our inflationary woes.

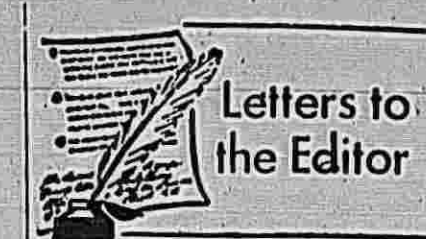

news column editorials in some Lake County papers indicate that Cong. McClory has not won over all of Lake County even after two terms in Congress.

It is doubtful, however, that Stern, a political unknown in the county, can do what several strong Republican candidates have been unable to accomplish.

Cong. McClory may not satisfy everyone with his voting record, but few will deny that he is a consummate campaigner and a hard-working candidate whose campaigning is a 12 month operation.

The next major political development should be the virtually unopposed election of Antioch Supervisor Lloyd (Red) Murrie as chairman of the Lake County Board of Supervisors.

Murrie is expected to succeed Benton Supervisor Kenneth Henke and while token opposition may develop at the 11th hour there is little reason to suppose he won't breeze to victory.

March 12, 1966

To the Editor:

The excellent coverage given by you was a great help in making the "Women in Government" luncheon on March 4th a success.

We appreciate your fine cooperation, and we feel that it was a solid contribution in giving the Republican women the recognition they have earned.

My personal thanks to you; the deep appreciation of the 12th Congressional District Republican Women's Club and the many presidents of the Republican women's organizations in the district is also expressed.

Mrs. John Wawirka
Republican State Central Committee woman

Car brakes in top working condition are a must for traffic safety. But so is the ability to use your brakes properly. The Chicago Motor Club advises that you can stop more safely and effectively by pumping brakes rather than by jamming them hard. This technique not only assures safer, smoother stops, but the flashing of your lights gives a timely warning to the driver behind you.

How Liens Arise
A lien may arise against the landlord's property when a tenant has improvements made to his apartment with the landlord's knowledge or

The Old Scouter Says

THE MAN BEHIND THE BOY
When James E. West, in January, 1911, assumed the executive leadership of the Boy Scouts of America, he

was determined to secure the best possible leadership for the Scout Troops in the United States. It was freely predicted at that time that it would be impossible to get men to give continuous and sustained leadership unless they were paid for it—the idea of using volunteer leaders was something new in boys' work.

But West believed otherwise. He insisted that leadership positions in Scouting, directly related to boys, be held by men who have volunteered their services. Men who, because of their interest in boys and their enthusiasm for those principles and activities which constitute the program of Scouting, find therein a fascinating and constructive hobby. The years have proved the soundness of this viewpoint.

Of the Group from Antioch at the recognition dinner Saturday night we noticed almost everyone had been serving Scouting more than five years. In some cases more than 10 and 15 years.

We got a note from the Scoutmaster of Troop 92 telling us about some of their coming events. We are glad to pass these along. A Camp-out last weekend, a Court of Honor March 29 at the Scout Home, and a 14 mile hike (the Upward Trail) on April 9.

The Northern Illinois Conservation Club is making plans for their annual trip to the Kettle Moraine Forest. The Club has hosted hundreds of Boy Scouts and Girl Scouts on this annual trip over the years.

RECOLLECTION: Roger Strattan and Leonard Case, Jr., (Troop 86) earned Merit Badges in Civics, March 1951. See Ya next week.

THE OLD SCOUTER

The Law Serves You

A Public Service of the ILLINOIS STATE BAR ASSOCIATION
THE LANDLORD AND THE LIEN

Are you a landlord? Well, if you are, there is a law that can transform a perfectly desirable tenant who wants to improve his living quarters into a real financial liability for you.

The name of this law? It's the same one you read about in this column some time ago—the mechanic's lien.

Let's suppose your tenant wants to redecorate his apartment and agrees to do so at his own cost. Quite an agreeable situation for any landlord—on the surface! But, there are steps you should take to protect yourself from the well-meaning redecorator.

With your blessing, the tenant hires workmen to remove old partitions, install new light fixtures, retile the bath, lay new linoleum in the kitchen, and completely repaint the apartment. He has substantially improved your property.

A few weeks later, the tenant informs you that he has been transferred to another city and will have to leave in a week. Because he was such a model tenant, you release him from his lease.

In a situation such as this, don't be surprised if you receive calls from workmen within a few weeks. Your well-meaning tenant had intended to pay the workmen, but the unforeseen happened.

Landlord Pays

There is the landlord's argument that "these aren't my bills," or "the tenant's lease provided that I don't have to pay these bills." Both arguments are unsatisfactory. Any lawyer can tell you that under had filed liens against your building for the cost of their improvements, to protect themselves in just such an occurrence as this. The liens are binding, even though the tenant's lease stated that debts incurred by him were not to create liens against your property.

How Liens Arise
A lien may arise against the landlord's property when a tenant has improvements made to his apartment with the landlord's knowledge or

consent, regardless of the terms of the lease. However, if the landlord is not aware of the work being done, Illinois law protects the landlord against any such claims. The steps that every landlord should take to protect himself against the well-meaning redecorator are fairly simple: A landlord can refuse to permit work to be done unless money for payment is first deposited with him. Or, the landlord can refuse to let the work be done unless each workman provides him with a written waiver of lien before he begins work.

"The Law Serves You" is written to inform and not to advise. No person should ever apply or interpret any law without consulting his attorney. Even a slight difference in the facts may change the result under the law.

WHAT TO DO IN CASE OF AN AUTO ACCIDENT

If you have ever been involved in an auto accident, you are aware of the shock and confusion that usually accompanies such a mishap. Under such conditions it is difficult to think clearly. This is why it is important for every driver to prepare a "check-list" to make sure that the proper steps are taken for his own protection. The party at fault in an auto accident may be subject to both a criminal charge and a civil action for money damages.

Aid Injured First

The first thing to do after an auto accident is to stop and give aid to the injured. The person should be made comfortable and, if the injury is serious, a doctor or ambulance should be called. If neither is available, transportation to the nearest hospital should be arranged.

If the accident occurs at night, flares should be posted around any obstruction in the road. An ordinary milk carton, twisted into a candle shape, will burn long and bright enough to warn oncoming traffic in an emergency.

Each person directly involved in the accident is required by law to remain at the scene of the accident until the injured are cared for. Also, each is required to give his name, address, registration number of the vehicle he was driving and, upon request, exhibit his driver's license to the person injured or

to the driver or occupants of the other car.

Collect Information.
For your own protection, write down the license number of all vehicles involved. If possible, ask witnesses for a statement regarding the details of the accident and jot it down, together with their names and addresses.

Djagram the scene and position of the cars and persons involved. Make notes on conditions such as weather, traffic signals, time and skid marks. Jot down your own recollections of how the accident occurred. Written notes may prove invaluable to you after the accident.

Since you are involved in the accident, it usually will be to your advantage to make no statement until you have consulted your lawyer. Remember, no statement is required by law either at the scene of the accident or at a police station. Admissions of fault hastily made may be regretted later on when your recollection sharpens or when full facts become known to you.

Beware of solicitations from persons who "chase ambulances." Report any such advance to the local bar association.

Reporting the Accident

If the accident results in death, personal injury or damage to property in excess of \$100 to any one person, the law requires that the driver of any vehicle involved file a written report of the accident. A form may be ob-

tained from the police. This report must be sent to the Illinois Division of Highways within ten days after the accident. It is confidential and may be important in assuring you that the other driver posts sufficient security to pay for your losses.

Notify your insurance company immediately, in order to protect your right to collect under your policy. Do not make or sign statements about the accident, or sign releases for money, until you have obtained legal advice. Remember, no intelligent adjustment of claims can be made until you know and understand the full facts surrounding the accident and the extent of the injuries suffered.

The young lad watched worried and anxious, while his father changed from a business suit into a tuxedo. Finally, the boy could bear it no longer. "Dad," he pleaded, "please don't wear that suit. It always gives you a headache the next day."

Health Plan For Draft Rejectees
 Each month in Illinois, about 2,200 draftees—four out of 10—are rejected for physical reasons. About 30 per cent have conditions that could have been corrected previously but were not, either because of the individual's lack of knowledge of available facilities, or lack of money.

The U. S. Public Health Service developed a plan to refer medical rejectees on a voluntary and confidential basis to local public or private community facilities for comprehensive health services. Under this plan, the Illinois Department of Public Health entered into a contract with the U.S.P.H.S. to establish an Armed Forces Medical Rejection Program for the state.

CHRISTIAN SCIENCE CHURCHES
 The parable of the lost sheep—and Jesus' healing of the ten lepers—will provide themes for this Sunday's Bible Lesson at all Christian Science church services.

The Golden Text is from Isaiah: "The ransomed of the Lord shall return, and come to Zion with songs and everlasting joy upon their heads: they shall obtain joy and gladness, and sorrow and sighing shall flee away."

Readings from the Christian Science textbook (Science and Health with Key to the Scriptures) by Mary Baker Eddy will include these lines: "Truth will at length compel us all to exchange the pleasures and pains of sense for the joys of Soul. . . . Only those who repent of sin and forsake the unreal, can fully understand the unreality of evil."

Subject of the Lesson-Sermon is "Unreality."

100 STORIES

WORLD'S LARGEST office-residential structure will be Chicago's 100-story John Hancock Center to be completed in 1968. The tapering building's structural steel framing not only contributes to the appearance of the building, but also provides essentially column-free interiors for offices and apartments. The exposed X-shaped braces are designed to withstand Chicago's strong winds. This drawing is by Helmut Jacoby, a noted architectural renderer.

Time Running Out For G.I. Insurance

Edward B. Aiken, Administrator of the Illinois Veterans' Commission, tells veterans to look at the Calendar—time is running out for G.I. Insurance application.

This program, which began May 1, 1965, will end on May 2, 1966. Perhaps you are an eligible veteran.

1. Did you serve in the Armed Forces between 10-8-40 and 1-1-1957?

2. Do you have a service-connected disability? (This could be just about any medical or physical injury incurred or aggravated by active service).

3. Do you have less than \$10,000 G.I. insurance or no insurance at all?

Mr. Aiken stated that if you can answer yes to these three questions, contact the local Illinois Veterans' Commission Office.

You may contact H. D. Blackwell, Service Officer of the Illinois Veterans' Commission at 108 South Genesee Street in Waukegan. The office is open Monday through Friday between the hours of 8:30 a.m. and 5:00 p.m.

Weaker Sex Takes Over

New York—As of last July, there were about 18.2 million men and women in the U. S. aged 65 and over, and women outnumbered the "stronger" sex by about 2.3 million, according to statistics at the Metropolitan Life Insurance Company.

By 1975, the experts predict, women are expected to outnumber men by 3.3 million, and a decade later by almost 4.5 million.

There are now 129 women for every 100 men aged 65 and over, and by 1985 the ratio may be 143 to 100.

Why do women live longer than men? Is it because they smoke less, visit their doctor more frequently, have more effective hormonal systems, allow their emotions freer play? Or is it just that the female of the species is essentially stronger?

While there is no generally accepted explanation, it is felt by many experts that the strains of earning a living, of being under constant pressure may take years off a man's life.

Vose Chairman Of Dairy Month

The American Dairy Association of Illinois has appointed a 1966 June Dairy Month chairman. He is Avery A. Vose, president of Pure Milk Association and nationally prominent dairy farmer from Rt. 2, Antioch.

The appointment had been made by the board of directors of the Illinois ADA at that organization's annual meeting early this month. It became official this week when Vose sent a letter of acceptance to Milton C. Geuther, manager of the State ADA, at Joliet.

Lord shall return, and come to Zion with songs and everlasting joy upon their heads: they shall obtain joy and gladness, and sorrow and sighing shall flee away."

Readings from the Christian Science textbook (Science and Health with Key to the Scriptures) by Mary Baker Eddy will include these lines: "Truth will at length compel us all to exchange the pleasures and pains of sense for the joys of Soul. . . . Only those who repent of sin and forsake the unreal, can fully understand the unreality of evil."

Subject of the Lesson-Sermon is "Unreality."

Schedule At Trin. Evan. Church

The Women's Society of World Service of Trinity Evangelical United Brethren Church, Beck Road at Valley Drive, will sponsor a clothing drive for Church World Service. All contributions are to be delivered to the church before April 17.

The monthly meeting of the Society will be held at the home of Mrs. Austin Marshall, Thursday evening, March 31, at 8 p.m. The speaker of the evening will be Mrs. Donald Tittle and special music will be provided by Mrs. Kenneth Sams.

The Knitting Club of Trinity Evangelical United Brethren Church will meet every first and third Wednesday evening at 8:00. Knitting instruction for beginners is given by Mrs. Paul Blomquist. The finished products will be donated to orphanages.

Palm Sunday will be observed at Trinity Evangelical United Brethren Church with Morning Worship at 9:30. During this service a special choral selection of "The Palms" will be given by the combined Children's and Youth's choirs.

Also during this service three organ and piano arrangements "Alleluia" by Mozart, "Jesus, Joy of Man's Desiring" by Bach and "Triumphal March" by William Sticks will be presented by Alvin Murphy and June Marshall.

Sunday School classes will be held at 10:30 a.m. for all ages and Evening Worship will be held at 7:00. Youth Fellowship will meet in the social room of the church at 5:45 p.m.

Good Friday services will be held at the church at 8:00 p.m. The Good Friday message will be brought by the pastor, Rev. G. Albert Murphy.

Easter Dawn Services will be held at the church at 6:30 a.m. Easter morning, Easter breakfast will be served following the dawn services by the Youth Fellowship in the social room of the church.

Easter morning worship will be held at 9:30 a.m. During this service the children's choir will sing "At Easter Time." Three special organ and piano arrangements "Resurrection" by William Sticks, "Love Divine" by Ethel Smith, and "The Heavens Are Telling" from "The Creation" by J. Haydn will be presented by Alvin Murphy and June Marshall. Sunday School classes for all ages at 10:30 a.m.

Take Tax Refund In Savings Bonds

You can make your 1965 Federal income tax refund really mean something to you.

Northern Illinois taxpayers due refunds can take them in Series E Savings Bonds, District Director of Internal Revenue E. C. Coyle, Jr., said today.

When a taxpayer elects to take his refund in Series E bonds, he builds financial security for himself and his country, Mr. Coyle said. Those who check the savings bond election on their tax return join millions of Americans who are investing in their country's future and their own.

Individual income tax forms—1040 and 1040A—provide a space for taxpayers to elect U. S. Savings Bonds for their refunds. Mr. Coyle pointed out. The 1965 tax instructions received in the mail contain full information on this option.

Lord shall return, and come to Zion with songs and everlasting joy upon their heads: they shall obtain joy and gladness, and sorrow and sighing shall flee away."

Readings from the Christian Science textbook (Science and Health with Key to the Scriptures) by Mary Baker Eddy will include these lines: "Truth will at length compel us all to exchange the pleasures and pains of sense for the joys of Soul. . . . Only those who repent of sin and forsake the unreal, can fully understand the unreality of evil."

Subject of the Lesson-Sermon is "Unreality."

70,000 Business Planes by 1970

Findlay, Ohio — (HK) — Like bees around a honeycomb, more and more company-owned aircraft are swarming around the nation's airports these days as corporations beef up their fleets to meet competition and to solve the problem of keeping key personnel on the move.

"General aviation"—a term embracing all aircraft other than those of the military and scheduled airlines—is a rapidly growing segment of today's aircraft industry. The spurt is coming primarily from increased corporate, or business, flying.

An article, "Corporate Aviation Takes Off," their operations in the magazine *Marathon World*, a publication of Marathon Oil Company, states there are more than 90,000 general aviation planes in the United States today.

Some 35,000 planes are used for business flying alone, twice as many as the military fleet, and about 15 times as many as are operated by commercial airlines. By 1970, the World predicts there will be 70,000 business planes. The operation, maintenance and replacement of these planes is running \$1.3 billion into the nation's economy annually.

MEET COMPETITION
 For many corporations, aircraft have become a necessity to meet the challenge of competitors who are expanding their operations. In many cases, much of this expansion has been possible through the use of aircraft.

The company airplane provides speed, flexibility and mobility in getting the right men and materials to the right place at the right time. Today more than 60 per cent of the nation's industrial plants are located in communities of less than 100,000 population, often remote from major railroad and airport facilities. Only about 700 of the 8,000 airports in the U. S. are served by scheduled airlines. Hence, the company plane provides the link that makes these locations readily accessible.

Marathon Oil Company is an example of one firm which has made good use of its aircraft. Its operations are scattered over the states and in 13 other countries. With a total of 18 aircraft and 29 pilots, Marathon has one of the largest corporate fleets in the country. Its planes have been used for everything from patrolling oil pipe lines to airlifting a drilling rig into the Gulf of Mexico.

The more an employee earns, however, the more important it becomes for him to save time in travel. Howard H. West, Marathon's vice president for administration, says, "There is little justification for a \$20-hour executive traveling to waste time traveling to commercial airports . . . when he can hop quickly and more easily from one place to another in a company plane." For direct city-to-city flights, however, the company planes are frequently used as a feeder service to make connections with commercial lines at major airports.

Central High To Present Variety Show

The Senior class of Central High School will present a Variety Show at the School Saturday, April 2. Members of all the classes will take part in the show, with the proceeds going to the Senior class.

Dances, solos, musical numbers, comedy skits, will be on the program. Quentin Ruprecht, science instructor, is adviser to the senior class.

In early colonial days cheese was made in homes for family use. In the years 1850 to 1870, our cheese industry began to take a commercial form. The first cheese factory in the United States was opened in 1851 by Jesse Williams near Rome, Oneida County, New York.

Noting that a burglary occurs every 46 seconds in the United States, the Insurance Information Institute says many of these could be avoided if homeowners would lock their windows and doors and take a few other simple precautions.

DEATH NOTICES

JOHN F. DALLMAN

John F. Dallman, age 57, of Indian Point, near Antioch, died at his home Wednesday, after a lingering illness. He was born October 2, 1908, at Germania, Wisconsin, and moved to Antioch in 1956.

He operated the Jo-Bet Cabinet shop in Antioch from 1956 to 1963 when he and his partner Emerson R. Sanders purchased the Sunshine Laundry at Antioch and Lindenhurst. He was a member of St. Mark's Lutheran Church at Lindenhurst and the Oshkosh Eagles Aerie 287.

He is survived by his wife Betty C., one son, Paul F. Dallman of Antioch; two brothers, Floyd of Minneapolis, Minn., Lester, of Oshkosh, Wis., one sister, Mrs. Nina Thomas of Oshkosh, and one grandchild.

Funeral services were held Saturday at 1:30 p.m. at the Konrad Funeral Home in Oshkosh. Burial was in Lakeview Cemetery in Oshkosh. Friends called at Strang Funeral Home at Antioch, Thursday.

Submarine Veterans Plan Regional Meet

The North Central Region of the U. S. Submarine Veterans of World War II comprised of Illinois, Indiana, Kentucky, Michigan, Minnesota, Missouri, Ohio and Wisconsin, conducted by the Regional Director J. Dan Lopp of New Albany, Ind., hosted by the Greater Chicago Chapter of U. S. Submarine Veterans of World War II, will hold their annual regional meeting and reunion on April 2, 1 p.m. at the Berwyn Post 422 American Legion Headquarters, Riverside Drive & Harlem Ave., in Berwyn.

Applications of candidates for the Scholarship Program for the children of the U. S. Submarine Veterans will be considered and forwarded to the U. S. Navy Bureau of Personnel for processing of awards financed by the members of the Submarine Group.

A progress report of State Memorials to be dedicated to those men who were lost on the 52 American Submarines during World War II and a Memorial "bell tolling" service at the conclusion of the meeting will signify the organization's effort to adhere to their credo "To honor and perpetuate the memory of those submariners who lost their lives during World War II."

Plans for attending the 12th annual Submarine Veterans of WW II convention to be held August 11-15, at the Holiday Inn in New York City will be discussed and resolutions drafted for the convention. For further information write Ernst T. Rosling, 1409 S. East Ave., Berwyn, Ill. 60402.

Deaths

HELEN J. DONALD
 Mrs. Helen J. Donald, 69, of Channel Lake, died suddenly at her home Wednesday morning, March 28. Born July 1, 1906 in Canada, she resided in Antioch the past three years.

She is survived by her husband, Robert Donald, Jr., one daughter, living in Canada, and two grandchildren.

Funeral services were held at 1:30 p.m. Wednesday in Chicago with interment in Mt. Emblem Cemetery. Local arrangements were made by Colonial Funeral Home.

LESLIE P. SULLIVAN
 Leslie P. Sullivan, 66 years old of Channel Lake, Antioch, passed away at 4:00 p.m. on Monday, March 28, at his home after a lingering illness. He was born March 17, 1900 at Merrill, Wis., and had resided at West Allis, Wis., before moving to Antioch 22 years ago.

He held membership in St. Peter's Church, the American Legion Post 748 at Antioch, and the Carpenters Union Local 448 at Waukegan. He had worked for Public Works in the 9th Naval District as building inspector for 25 years and is now retired from that occupation. He married Genevieve Kuzala on Dec. 16, 1939 in Milwaukee, Wis.

Survivors are his wife, Genevieve, two sons, Patrick T. and Leslie J. Sullivan, both of Antioch, one brother, Harry Sullivan, West Allis, Wis. Three grandchildren also survive.

Funeral mass will be this (Thursday) at St. Peter's Church in Antioch at 10 a.m. Interment will be in Holy Cross Cemetery at Milwaukee. Friends may call at the Strang Funeral Home in Antioch after 7:00 p.m. Tuesday, where parish prayers were recited at 9:00 p.m. on Tuesday and Wednesday evenings.

THE ANTIOCH NEWS 3 THURSDAY, MARCH 31, 1966

4-H GIRLS MEET
 Mr. Robert Carter had his Bird Study meeting on March 21. Sharon Hall, Pam Edwards, and Debbie Carter each gave their talk. Mr. Carter showed pictures of birds and the girls had to write down what they thought the name of it was.

The 4-H girls met at Emmons School on March 24, to practice their Share-the-Fun skit. Mrs. Lagerstrom and Mrs. Major supervised, with Mrs. Petty playing the piano. Lynn Hall was elected to try out for mistress of ceremonies at Share-the-Fun.

Announce Engagement

Mr. and Mrs. W. J. Filiatreault, of Antioch, announce the engagement of their daughter, Carol, to Frank J. Nausea, son of Mr. and Mrs. Vincent Nausea, of Antioch. Carol is a 1963 graduate of Antioch Community High School, and is presently employed at Abbott Laboratories in North Chicago. Frank graduated from Antioch Community High School in 1962, attended the U. of Illinois, and is now a Pfc in the Army, stationed at Fort Belvoir, Virginia. No wedding date has been set.

O.E.S. Holds Advance Night

Antioch Chapter 428, Order of the Eastern Star held its Advance Night for Officers on March 24 at the Masonic Temple in Antioch. Advancing Officers for the evening were Miss Carrie Pauli, Associate Matron, and Herb Pauli, Associate Patron, in the East; Mrs. Dorothy Kahler, Conductress, and Joseph Parfitt, Warder, in the West; and Mrs. Marilyn Lorentz, Associate Conductress, in the South. Mr. and Mrs. Wayne Polsgrove, Worthy Matron and Worthy Patron, presided during the business meeting. Guests of honor were Mrs. Madeleine M. Sheppard, Associate Grand Matron, and Charles Bonnell, Associate Grand Patron of Illinois; Mrs. Adeline Wetmore, Worthy Grand Marshal of the General Grand Chapter; and Mrs. Henrietta Gilo, Grand Lecturer and sister of the Associate Matron and Associate Patron. Guest Officers serving were all Associate Matrons or Associate Patrons. They were Jean Wood of Lake Forest, secretary; Phyllis Procter of Libertyville, associate conductress; Mabel Orschel of Chicago, chaplain; Grace Kane of Moline, Marshall; George Murry of Millburn, organist; Amy Dougherty of Goldenrod, Adah; Aline Tait of Waukegan, Ruth; Edna Curtright of Easter, Esther; Zelma Beech of Millburn, Martha; Martha Stirling of Ravenswood, Electa; Russell Procter of Libertyville, Warder; Robert Karsten of Lake Forest, guest sentinel; and George Tait of Waukegan, Color Bearer. Walter Schreiber is sentinel and Mrs. Lilian Gao is instructress of Antioch Chapter. Music for the evening was provided by Mrs. Harriet Davis, organist of Antioch Chapter, and Mrs. Clarissa Mellen of Millburn chapter, soloist. Escorts were Joseph Parfitt and Clarence Larson, both Past Patrons of Antioch Chapter. Dignitaries introduced were Grand Officers, Past Grand Officers, Grand Lecturers, Grand Committee Members, Past Matrons and Past Patrons of Antioch Chapter, Past Matrons and Past Patrons of other chapters, Associate Matrons, Conductresses and Associate Conductresses. A reception followed the meeting with Mrs. Janice Vesely as chairman of the refreshment committee. Bluebirds and pink roses provided a lovely theme for the decorations.

MAKES DEAN'S LIST
Judith L. Turner, daughter of Mr. and Mrs. O. W. Turner of Rt. 2, Antioch, has been placed on the Dean's list at Illinois Wesleyan University. This recognition is given to students whose grade-point average is 3.250 or higher.

THURSDAY, MARCH 31, 1966 THE ANTIOCH NEWS 4

Take Vows In Chapel At Langley Air Force Base

Lt. Colonel and Mrs. Morgan H. Smith, of Langley Air Force Base, Virginia, have announced the marriage of their daughter, Bonita Marie Smith, to William R. Lindley, son of the late Mr. and Mrs. Clarence E. Lindley and grandson of Mrs. Robert Ayersman of Antioch.

The vows were solemnized March 19 in the Main Base Chapel at Langley Air Force Base, with the Rev. Michael Ilonco officiating at the double ring ceremony.

Alic Michael Mikula was soloist and Mrs. K. G. Servais was organist.

Miss Smith, given in marriage by her father, wore an A-line gown of tulle, designed with bolero-type bodice and trimmed with antique lace. Her short tulle veil fell from a satin bow. She carried a bouquet of white roses and carnations.

Miss Patricia Smith, sister of the bride, was maid of

honor. She wore a dress of sky blue tulle, with matching blue flowered tulle headpiece and carried a nosegay of yellow and white carnations.

Morgan H. Smith, Jr., brother of the bride, was best man. Groomsman were Gregory B. Smith, brother of the bride, and Robert S. Lindley, brother of the groom.

For the wedding, the bride's mother wore a shantung silk suit of aquamarine and corsage of pink sweetheart roses. Mrs. Ayersman, grandmother of the groom, wore a fuchsia gown with a corsage of white carnations. A wedding breakfast was held in the Hampton Room of the Langley Air Force Base Officers Club, followed by a reception at the home of the bride.

The bride traveled in a pale cerise suit of linen and silk, with matching accessories. Her corsage was of white roses.

June Behrens

Betrothed

Mr. and Mrs. Harry Behrens of Menomonee Falls, Wis., formerly of Antioch, announce the engagement of their daughter, June Marie, to Howard Alan Beutler, 4316 South 36th St., Milwaukee.

Mr. Beutler is the son of Mr. and Mrs. Howard A. Beutler. He is a senior at the U. of Wisconsin, majoring in Philosophy. Miss Behrens attended Wisconsin State U. for 1 1/2 years, majoring in Physical Education.

Mental Health Program For Parents Club

The Emmons School Parents Club will present a film and guest speaker in the field of mental health at their meeting April 5.

The meeting will be at Emmons School, starting at 8 p.m. A film "Angry Boy" will be shown. The film shows how emotional disturbances caused by family tension lead to trouble at school.

Speaker for the evening will be George W. Holmes. Mr. Holmes came to Lake County in 1957 as Chief Psychiatric Social Worker of the Lake County Mental Health Clinic. From July, 1961, to April, 1964, he served as executive director of Marriage and Family Counseling Associates in Waukegan. He lists as his particular mental health personality formation parent-child relationships, school adjustments and marriage and family problems.

Methodist Choir To Present Palm Sunday Cantata
The Antioch Methodist Church Choir, directed by Ken Smouse, will present "The Crucifixion" by Stainer at the Antioch Methodist Church on Palm Sunday evening, April 3, at 7:30 p.m. Several choir members will be featured—soloists—Mrs. Donald Beveroth, Mrs. Jean Honan, Stuart Good, Bill Dow, and Ken Smouse. Mrs. Arnold Weber will be the organist.

The public is invited to this moving Lenten Cantata. Coffee and cake will be served in Wesley Hall following the service.

P.M. & L. is at it again. The cast has been chosen, rehearsals have begun, the play is "On Borrowed Time," the director is Joe Hunley, the dates are April 22, 23, 29 and 30.

"On Borrowed Time" by Paul Osborn, is a well-known fantasy showing how Death is chased up an apple tree by a boy and his grandfather. It has been a popular play for both professional and amateur theatre and starred Spencer Tracy in the movie version. Many spicy characters create both comedy and pathos for an evening of laughter and tears.

Several new faces as well as numerous familiar ones will be seen. Joe announces his cast as follows: Jay Horton plays Pud; Bob Lindblad, Gramps; Valerie Hunley, Granny; Gary Richter, Mr. Brink (Death); Carol Anderson, Marcia; Charlotte Worswick, Aunt Demetria; Jerry Smouse, a boy; Steve Krotz, Dr. Evans; Bruce Worswick, Mr. Pilbeam; Arnold Schulmeister, Mr. Grimes; and Donald Beveroth, the Sheriff. Alleen Biel will be stage manager. Art Doty will do the lighting, and Bob Koemoud will create the set design.

Season ticket holders should take notice of the date change. Technical difficulties demanded a week's delay in the opening dates printed on the season ticket. Curtain time will be at 8:30 p.m. as usual. Tickets may be reserved by calling Vivian Mapleshorpe at 395-3613.

Campus News

NAMED TO DEAN'S LIST

CARLINVILLE, Ill. — Peter Thomas Zeien, of Antioch, was recently named to the Dean's List at Blackburn College. A student must have a grade of B plus or higher to be placed on the list.

Zeien, the son of Mr. and Mrs. Paul T. Zeien, Jr., Rt. 3, Antioch, is a 1961 graduate of Antioch High School. At Blackburn he is a mathematics major.

CHOSEN SOCIAL CHAIRMAN OF SIGMA ALPHA

Betty E. Liddle, Antioch, was recently elected Social Chairman of Sigma Alpha Chapter for the next year.

She is also a member of the Illinois Wesleyan Concert Band which will be touring southern Illinois March 31 and April 1. She serves the band both as a clarinet player and band assistant.

SORORITY SECRETARY

Miss Harleen Young, daughter of Mr. and Mrs. Harold Young, 701 N. Main St., has been elected secretary of Sigma Omicron chapter of Kappa Delta Sorority at the University of Illinois. Miss Young is a junior majoring in history. As secretary, she keeps official minutes of all chapter meetings.

Guest Speaker For W.S.C.S.

The Rev. Miguel A. Castillo will be the guest speaker at the April 6 meeting of the Woman's Society of Christian Service at Wesley Hall.

A luncheon will be served at 12:30. Mrs. Donald Cobb, assisted by Mrs. Robert Bemis will have charge of the devotions.

The Rev. Castillo is of Mexican descent, born in Mexico. He is at present the Minister of Spanish Services of the First Baptist Church of Waukegan, where he ministers to the Spanish speaking people of the church and, when

Legion Auxiliary

By Del Jahneke

The Antioch American Legion Auxiliary Unit will hold its meeting on Friday, April 1, at the Antioch Legion Hall, at 8:00 p.m., with Mrs. Ray Rathmann, president, as the presiding officer.

The Americanism essay winners will be presented with their awards that evening, by Mrs. Lester Zitkus, Antioch Unit Americanism Chairman.

As part of the American Legion Auxiliary's 17th Annual nationwide Radio-TV Poll, Mrs. Edward Jahneke, Antioch Unit and 10th District Radio-TV Chairman, requests that Auxiliary members be thinking about their favorite programs. She will have "Golden Mike" ballots made up and distributed at the April 13th American Legion Auxiliary District Meeting in the Highwood Legion Home. Members are asked to indicate their Radio and TV series and programs.

Voting will be in three categories: Best Family Entertainment Series; Best Americanism Program (Historical or Patriotic); and Best Special Program.

The results of these ballots, representing the opinions of nearly a million members, will determine the Radio and TV Series and Programs to receive the American Legion Auxiliary "Golden Mike" awards at the National Convention in Washington, D.C., next fall.

The 10th District American Legion Auxiliary Officers will be guests of Antioch Unit that night.

Hostesses will be Mrs. Lester Zitkus, chairman; Mrs. Deborah Van Patten; Mrs. Harold Ellis, Mrs. Clarence Larson, and Mrs. Carol DeSalvo, as her committee.

Red, white, and blue arithmetic

If you're looking for safety in numbers, try these figures on United States Savings Bonds.

The value of Savings Bonds adds up at a safe, steady rate. When your Bonds are held to maturity, you get back \$4 for every \$3 that you invest. And that interest is guaranteed.

Furthermore, you don't pay any state or local income tax on E Bond interest. The federal income tax may be deferred until you cash them. When you need the cash, your Bonds convert in a jiffy.

But the best part of the Savings Bond equation doesn't show up on the tables—the pride you can feel that your money is put to work helping to strengthen freedom's cause throughout the world.

It all adds up to the fact that United States Savings Bonds are a mighty hard-working investment. Millions of Americans have found Bonds the star-spangled way to save.

That figures, doesn't it?

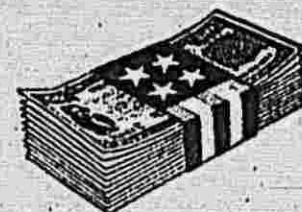

Quick facts about Series E Savings Bonds

- ✓ You get back \$4 for every \$3 at maturity
- ✓ You can get your money when you need it
- ✓ Your Bonds are replaced free if lost, destroyed or stolen
- ✓ You can buy Bonds where you bank, or on the Payroll Savings Plan where you work

Buy E Bonds for growth—H Bonds for current income

Buy U.S. Savings Bonds

STAR-SPANGLED SAVINGS PLAN

Vicky Wilton is one of the models who will be displaying fans and early costumes at the "Fans and Fair Ladies" program of the Antioch Woman's Club on Monday, April 4. Upper left, Vicky displays an early costume; upper right, a widow uses a gay fan to signify her readiness to consider a second husband; lower left, some of the beautiful fans that Phyllis McMillen will display at the program; and lower right, Vicky, as a widow in not-so-deep mourning, carries a smaller black fan.

"Fans & Fair Ladies" Intriguing Subject

"One thing just seemed to lead to another, and the first thing I know, there I am, working my head off, doing research, repairing and cataloging—and I love it," says Mrs. James (Phyllis) McMillen, discussing her latest project.

Her latest project will make up the program at the Antioch Woman's Club meeting at the Scout House in Antioch on April 4. The program is labeled "Fans and Fair Ladies," and will be in two parts.

One part will concern famous women, mainly American women of the past. The second portion will concern fans. It was the fans to which Mrs. McMillen referred when she said "one thing leads to another." You may have seen Mrs. McMillen's Pageant of History, with live models and dolls dressed in replicas of costumes worn by Queens and famous women of the past.

People who have viewed the program and her colorful and well-researched collection of dolls and costumes have contributed articles to supplement the collection. The fan collection was given to her by Mrs. Phillip Yeager of Lake Bluff, wife of Judge Yeager. Mrs. Yeager's mother, Mrs. Alvin Black, collected the fans originally and had done some programs with them.

If you think a fan is merely something to wave before your face in the hope of stirring a cool breeze on a hot day—and fairly useless in this day of air conditioning—you're quite mistaken. Though their origin was probably rooted in this utilitarian purpose, they have become an important and beautiful adjunct to the costumes of ladies in the eighteenth and nineteenth centuries. A whole language of fans was developed, with each fan carrying a message.

The language of fans, in fact, was copyrighted at the patent office in Washington, D. C., in 1879. The fan closed in front of the face meant, "I Love You." The

fan upside down meant "I am Available."

Men, as well as women, used the fans, and carried on flirtations with their help. In "Fans and Fair Ladies," Joan Larson takes the part of a man and with Ann Kakacek carries on a conversation with the fans.

Mrs. McMillen has researched the subject of fans since she was given the collection, and has found it an intriguing and involved subject. The research is difficult—she has found little in books about the subject. She has gathered information from every available source. Some of the clues she's traced come from pictures.

"Some fans are priceless, some priceless," Phyllis says. Many were in a bad state of disrepair when she got them, and she has been able to mend them. Many fans are delicate things, and difficult to repair.

When fans were widely used, ladies kept them in a fan box. These are even rarer than the fans themselves, so Phyllis made her own. The boxes she made are as feminine and attractive as the fans themselves.

The first fans probably originated in the Orient and were brought to Portugal in the time of Catherine de Medici. Their use spread across Europe.

Even today, in Japan, Japanese referees use fans to convey their decisions. Different motions mean different calls; as an American referee today uses his hands, arms and fingers to signal his decisions.

Even the color of a fan can convey a message. Bridal fans were once very popular, used more than bridal bouquets. The bridal fans were white, of course, and fans were often given as gifts to the bride. One such fan in Phyllis' collection is a large white satin one. A smaller one, delicate and with a beautiful pattern, might have been given as a gift.

A widow, too, could convey her status with her fan. Along with the dead black of her mourning gown, she carried a large black fan. As time passed, and her grief presumably became less acute, the fan became much smaller, but still plain black.

As the year of her mourning ended, a coquettish fan, perhaps decorated with painted flowers, conveyed the message that she was ready to consider a second husband.

Most fans have five parts, the rivet and the metal ring which fasten the parts together; the guard, the two outside pieces, usually heavier than the center portions; the stick, the several pieces which make up the body of a fan, and the leaf, of whatever material is used to make the top portion of the fan.

The brise fan has no leaves. The sticks enlarge toward the top to form the leaves.

In fans of good quality, the stick extends through the leaves, making them more durable. Cheaper fans will have the sticks ending as it enters the leaf.

Fans were made of all sorts of material. Amber, wood, ivory, sometimes combined with beautiful fabrics, sometimes alone. Many of the sticks were beautifully carved. Some carry painted scenes, often done by famous artists.

A few of the items in Mrs. McMillen's fan collection are: a hand-carved ivory fan with silk leaves, and silver trim on the guards; a Regency fan made in 1750, carved and

High School Honor Roll

Hanson 17, Lois Herman 17, Carol Horwath 18, Gary Hunt 17, Bonnie Krakowski 16, Wendy Keuchenmeister 16, Wendy Lindblad 17, Jo Ann Lozowski 17, David-Mair 17, Donna Motley 16, Ruth O'Neill 16, Timothy Osmond 17, Patricia Prosire 17, Carolyn Radke 17, Mary Strom 17, Susan Toben 17, Debra Valavanis 16, Richard Vitek 17, Susanne Willett 17, Fred Wittleder 17.

Sophomores:

Russell Barthel 17, Timothy Beushausen 18, Kathleen Boston 17, Patricia Denman 16, Colleen Gross 16, Richard Hart 17, Joyce Herman 17, John Koziol 17, Kathleen Lysilla 17, Donna MacFlanes 16.

hand-painted; many French fans of various lovely designs; Spanish fans, usually larger and heavier, without the delicacy of the French products; leather fans; one fan with a scene painted by Goya; a "quizzing" fan, a fan with two cunningly arranged peepholes through which a coy lady could watch proceedings without seeming to.

Some fans carried innocent scenes or patterns on one side, a bawdy picture or story on the other. For the split personality, perhaps, or the lady who has friends in various circles.

Fans, as you see, are an intriguing and complicated subject. Perhaps some day they'll enjoy a resurgence of popularity. You'll wish they would if you look at the lovely examples in Mrs. McMillen's collection.

HOW TO DIE RICH

A liquor store sends these cards to clients and prospects: "Since you can't refrain from drinking, start a saloon in your own home. Be the only customer and you won't have to buy a license. Give your wife \$55 to buy a case of whiskey. There are 240 drinks in a case. Buy your drinks from your wife at 60 cents each and in 12 days, when the case is gone, your wife will have \$80 and the \$55 to buy another case. If you live 10 years, continuing to buy whiskey from your wife, and die in your boots, your widow will have \$27,085.47 in the bank—enough to bring up the children, pay off the mortgage, marry a decent man and forget she ever knew a bum like you."

Make Casserole With Sausage, Potatoes, Peas

When the first warm days of spring arrive, isn't it nice to whisk a casserole supper out to the porch and eat casually?

It's especially tasty to serve one that's in character with the season like this one featuring potatoes, green peas and pork sausage with its appealing aroma.

Fresh bulk pork sausage is used in this, points out meat authority Reba Staggs. The sausage is shaped into patties, placed in a cold frying pan and cooked with a small amount of water, then browned before topping the casserole.

Sausage and Potato Scallop

1 pound fresh (bulk) pork sausage
2 tablespoons water
2 tablespoons butter or margarine
2 tablespoons flour
3/4 teaspoon salt
1/4 teaspoon pepper
1 cup milk
1/2 cup grated American cheese
1 teaspoon prepared mustard
2 cups sliced, seasoned, cooked potatoes
1 package (10 ounces) frozen peas, cooked
Shape sausage into 8 patties. Place patties in cold frying pan. Add water. Cover tightly and cook slowly five minutes. Remove cover; pour off drippings and brown patties. Melt butter or margarine in a saucepan. Stir in flour, salt and pepper. Add milk. Cook, stirring constantly, until thickened. Add

Donald McConahay 16, Donald McMahon 16, John Mikosh 17, Joan Neyrinck 16, Sharon O'Neill 17, Linda Pierce 16, Mike Polley 16, Randall Rich 16, James Roberson 16, Donald Sherwood 17, Joel Strahan 16, Carol Werda 16, Frank Zeman 16.

Freshmen:

Irving Barthel 17, Jane Bickel 16, Kay Carlson 16, James Carlson 16, Harry Feldman 16, Fred Feltinger 16, Ginger Goetz 17, Patricia Gortz 16, William Hanson 16, Charles Peter Hollocher 16, Diane Hunt 16, Victor Lahti 16, Paul Litchford 16, Mary Luolos 17, Steven Meyer 17, Rita Mirocko 16, Denis Pleviak 17, Maureen Rooker 16, Mary Stefanski 17, Robert Valentine 17, Robert Weeks 16, Ralph Zanek 16.

Scheskie States Aims

Harold W. Scheskie, a candidate for nomination for the office of sheriff of Lake County, has released a ten-point program of his aims if he is elected.

Scheskie has had 31 years service with the sheriff's department, and is presently on leave to campaign.

First on Scheskie's list is a promise to "establish the operation of the Lake County sheriff's department on sound management principles by developing a key group of career personnel, well trained, competent persons, who may progress in their chosen careers, based on What They Know and not Who They Know. By planning (there will be plans for disasters, road blocks, emergencies and department operations). Staff members will cooperate (regular staff meetings will be held.) The command officers will be assisting management in co-ordination, direction, reporting and budgeting."

cheese and mustard. Stir until cheese melts. Combine sauce, potatoes, and peas. Pour into a 1 1/2-quart casserole. Top with pork sausage patties. Bake in a moderate oven (350 deg. F.) 30 minutes. Four servings.

Scheskie also states that he intends "to form a professional advisory group comprised of citizens who possess recognized professional competence in areas affecting the sheriff's operation. These persons will be asked to serve as an unpaid staff group available for consultation."

Forget that Gas is cheaper.

A gas incinerator "takes out" your garbage for you

No matter what the weather—the only door you'll have to open to get rid of your garbage is the one on your gas incinerator. Your garbage-saving days will be over. Nevermore will messy, soggy, unsanitary garbage clutter up your life. No more unpleasant stale garbage odors either. You'll be able to dispose of garbage and all burnable trash daily—conveniently and automatically.

Now's the time to buy—during our annual gas incinerator sale.

Special offer: 60-day home trial, no money down, up to 48 months to pay. Save \$33.50 if you have us install your gas incinerator before sale ends April 30, 1966.

Put in the garbage and burnable trash and set the timer dial. The automatically controlled gas flame will consume everything burnable including meat and fish bones, paper, boxes, corn husks, even old shoes. A second gas flame consumes smoke and odors.

After the automatic burning cycle is completed, the incinerator shuts itself off.

News of Lakes Sports

THURSDAY, MARCH 31, 1966 THE ANTIOCH NEWS 7

Gino Wagner, No. 44 of Cudahy, crawls over the car of Don Sorce, of West Allis, in Waukegan Speedway modified stock car action last season. Both Wagner and Sorce will wheel new mounts this season. Wagner will handle the mount piloted by Duane Harris for the past three years, while Sorce is expected to race the gold A6 chauffeured by Rapid Robert Ratajczyk most of last season.

Drivers Get Ready For Opening of Racing Season

Over sixty modified and late model stock cars are expected Saturday night, April 16, at the Waukegan Speedway to help inaugurate the 1966 racing season. The big new this season is the large quantity of newly built late model compacts entered in the competition.

At least eight of the new high-powered midjet stock cars will be in the first competition April 16, with many more entering throughout the season.

Heading the list with new compacts are four of the top seven pilots from last season and two more point leaders from the 1964 season. Dennis Burgan will be driving a Valiant; Jim Cossman, Ray Dixon and Jack Ester wheeling Chevy II's; Odell Jones in a potent Fairlane; and Marty Martin will be behind the wheel of the Lark convertible that carried Burgan to the 1965 title and started this major switch.

But other big names in the late model ranks are sticking with their fullsize cars. Included in this group are Jim Luther and Al Gutche with Fords, Ken Becker and Ron Kalous driving Chevrolets and Ralph Simmen in a Buick.

Waukegan Speedway's pit list will resemble a "Who's Who in Modified Stock Car Racing" as the top cars and

chauffeurs from over a hundred mile radius converge upon the quarter mile clay oval Saturday night, April 16.

New cars, new engines and new suspensions will spice the modified ranks. John Reimer will defend his title in his familiar 1934 Ford sedan, but this year it is powered by the recently released Chevy '427' Turbojet powerplant. Other top contenders opening night will be Fuzzy Fassbender in his experimental Corvette-powered Mustang; Jim Sullivan driving his twin I-beam '426' Plymouth coupe; popular Whitey Harris racing an all new fuel injected sedan; Gino Wagner wheeling Harris' old mount; and colorful Pedro Roehl racing a torpedo bodied Chevy.

Benefit Game Marks End of Cage Season

The basketball season officially closed last week with the playing of the A Club-Faculty benefit game at the high school gym. The affair turned out to be a huge success and a fitting end to a fine season.

With a few final comments from the statistical ledger we also will close our books on the 1965-66 season and with all Antioch fans look forward to next year.

The season's record of 18 wins and 9 defeats surpassed some people's pre-season predictions and fell short on others. Mooseheart Tournament Champs, a third place finish in a hectic conference race, and District Tournament Champs, even the most harsh critic can't be too unhappy with that kind of record.

Nine boys earned their varsity letter this year: Tom Blackman, Bob Schenk, Pat Sheehan, Mike Sterbenz, Jim Litchfield, Bill Sheldon, Tyrone Walls, Don Zeman and Bruce Empfield. Don Collins was also cited with a letter for his efforts as team manager.

Two members of the squad were named all-conference selections, Mike Sterbenz and Tyrone Walls. Walls was also voted the team's most valuable and Sterbenz and Tom Blackman were named co-captains by their teammates. Bob Schenk was voted the team's most improved player.

Mike Sterbenz was the team's most prolific scorer with a 17.3 average and 481 points for the season. Walls was second with 461 points. Tyrone was the squad's leading rebounder with 298 followed by Sterbenz with 227 and Blackman with 208. Walls and Sterbenz also led the team for the season in the number of assists with 89 and 87 respectively.

Coach Roger Andrews can look forward to another good season next year with junior letter winners Litchfield, Sheldon, Zeman, Walls and Bruce Empfield all returning. Plus some help from a sophomore squad that compiled a record of 15 wins and four defeats.

Wrestling's Most Valuable

Brad Ipsen was voted the wrestling team's most valuable and the team captain by his teammates, it was announced this week. Wayne Hansen was named to succeed him as team captain next year and Wilford Wells was voted the most improved on the squad. Mike Wells was given the honor of having the most team spirit to complete the squad voting.

Varsity letter winners on this year's squad were Tom Aerne, Terry Drucker, Wayne Hansen, Brad Ipsen, Bruce Knutsen, Bruce Megleo, Mike Wells, Wilford Wells, Dan White and Howard Zimmerman.

MAN'S CHARACTER
"Man's scientific and technical achievements startle everyone, but little attention is given to man's character. It's getting to be quite an achievement to remain honest with so many unconcerned, or even willing, to accept a bit of the loot."—Desplaines Valley News

BICYCLE DRIVERS

RIGHT RIDERS

This Chicago Motor Club school safety poster, distributed in April to more than 45,000 classrooms in Indiana and Illinois, is a reminder of an important cycling safety rule: "Bicycle Riders—Right Riders." You should always ride with traffic—at the right side of the roadway—and as close to the edge of the roadway as possible. This poster should also serve as a reminder to parents that it is their responsibility to teach their children all the rules of bike safety. Briefly summarized, the other rules are: (1) keep your bike in good repair; (2) obey all traffic rules, including signs, signals, and signaling of turns, just as motorists must; (3) walk your bike across busy streets; (4) be alert at all times—and no horseplay on the streets; (5) ride single file with other cyclists; (6) never ride double on a bike; (7) have front and rear lights and reflectors in working order for night riding; (8) avoid the busy streets whenever possible; and (9) yield the right of way to pedestrians.

NEAR ACCIDENTS

All drivers, at one time or another, have experienced a near miss in traffic. These near misses should teach us lessons in defensive driving. After an accident occurs, the big question is not whether

or not the other driver was to blame but whether or not YOU could have prevented the accident.

Charmaine Daniel, Mrs. Kissel and Karen Daniel, prepare palm leaves for Palm Sunday at St. Peter's Church.

Holy Week Services At St. Peters

Services for Holy Week at St. Peter's Catholic Church are as follows:

Palm Sunday: Low Masses, 7:00 a.m., 9:30 a.m. and 12 noon, 7:55 a.m. Blessing of the Palms. Distribution followed by Procession and Solemn High Mass. No confessions.

Holy Thursday: 9:00 a.m. Mass and Holy Communion; 8:00 p.m. Concelebrated Mass of the Lord's Supper, Holy Communion and Procession; 9:00 p.m. to midnight, Adoration, Guard of Honor.

Good Friday: Day of fast and abstinence, no services. Good Friday morning, 8:00 a.m. to 3 p.m., Adoration of the Blessed Sacrament; 3:00 p.m., Solemn Liturgical Function of Our Lord's Death, Holy Communion may be received on Good Friday at this service only. 7:45, stations, Sermon, Veneration of the Cross.

Holy Saturday: No services. Holy Saturday morning, 8:00 p.m., Blessing of the New Fire, Easter Candle, Easter Water and Baptismal Font, Solemn Mass, Holy Communion.

Easter Sunday: Masses 7:00, 8:15, 9:30, 10:45, and 12 noon.

Open Dumps On Way Out

Open dumps and open dumping of refuse in Illinois are on the way of being outlawed.

Effective Friday, April 1, Rules and Regulations for Approved Methods of Refuse Disposal defines disposal methods to be used and minimum requirements for disposal sites and facilities.

The new rules and regulations were drawn up in accordance with the Illinois Refuse Disposal Law passed by the 74th General Assembly. They were prepared by the Division of Sanitary Engineering, with the advice and assistance of the Refuse Disposal Advisory Board appointed by Gov. Otto Kerner. The Illinois Department of Public Health will advise all dump operators in the state of any deficiencies in their operation. The new minimum standard must be met by both municipally and privately owned dumps.

Your Heart Fund fights them, all — heart attack, stroke, high blood pressure, rheumatic fever, inborn heart defects and many other disorders of the heart and circulatory system.

State Offers Road Jobs To High School Graduates

Employment in the Illinois Division of highways will be available to 200 male high school graduates who complete a special 11-week training course this summer at the University of Illinois, Francis S. Lorenz, director of the Department of Public Works and Buildings, has announced.

The training program, conducted by the Division of Highways in cooperation with the University of Illinois, is designed for Illinois high school graduates, 17 to 25 years of age. They must have completed courses in algebra and plane geometry and have an interest and aptitude for engineering work, Lorenz said.

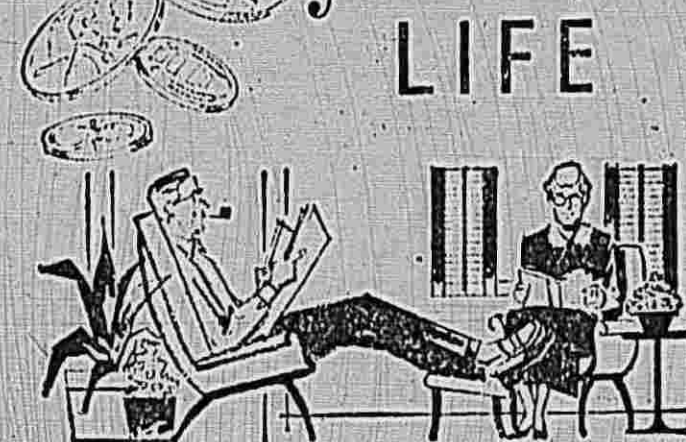

The training course will be conducted on the campus of the University of Illinois at Champaign-Urbana from June 12 to August 26, and at the new Circle Campus of the University of Illinois in Chicago from June 27 to Sept. 9. Application blanks and information pertaining to the course are available at all high schools in Illinois and at state and district offices of the Division of Highways.

Students selected for the training program will become engineering technicians in the Division of Highways and will be paid \$800 a month while taking the course. Those successful in completing the course will become full-time employees at starting salaries of \$375 a month next September.

Of the 200 graduates selected to take the special training course, 50 will be assigned to the Chicago district for study at the university's Chicago branch, while the remaining 150 will be trained at the university's Champaign-Urbana campus.

The greatly expanded state highway construction program has created the need for a number of technical employees who can perform many of the sub-professional en-

HOMEOWNERS' PACKAGE PLAN

Observe Language Week At Carmel

March 28-April 1 will mark the Second Annual Language Week at Carmel High School in Mundelein, according to Rev. Marcel Dube, O. Carm., head of the Language Department for Carmel High School for Boys.

The special week will open with an assembly for the student body. Language students will put on skits in each of six foreign languages being taught at the school. The plot for the skits is: Batman and Robin solve the robbery of the A-LM Tape Factory where the language tapes are manufactured. Each day of the week will be devoted to a particular language. Monday is designated as "German Day," Tuesday, "Russian Day," Wednesday, "French Day," Thursday, "Spanish Day," and Friday, "Latin and Italian Day."

A student will begin each day by greeting the student body in the foreign language, having played the National Anthem of the country being

honored, he will announce the menu for the day and call the students' attention to the special displays erected in the school library, student cafeteria, lounge, and corridor display cases.

The purpose of Language Week at Carmel High School is to enable students to become more conscious of the culture and civilization of the people whose language they are studying.

Backing into a curbside space requires a sharp look-out through the rear window for approaching traffic. Often, in crowded areas, the driver following you doesn't know you're going to park, so be sure to signal him.

THE ANTIOCH NEWS 8th THURSDAY, MARCH 31, 1966

In today's traffic danger can strike from any direction—and that includes the rear. The frequency of rear-end collisions on slippery roads is a strong reminder that a driver should make more effective use of the rear-view mirror. This means, of course, that it's essential to keep the rear window completely free of frost, ice, or snow. (And stuffed animals?)

Don't be afraid to use what talents you possess; the woods would be very silent if no birds sang except those who sang best.

(Aren't you glad you bought a Pontiac?)

Sure you're glad you picked a Wide-Track Catalina back in '66. Because year-after-year the record book shows Pontiac with one of the best resale values in the industry. After all, used car buyers go for that handsome Pontiac styling and lusty performance, too. For the steady Wide-Track ride, and everything else that has made us third in sales every year since 1961. (We know it's still '66 — still time to price a Catalina.)

Wide-Track Pontiac Catalina
(A big, powerful Pontiac for less than \$3000*)

*Manufacturer's suggested retail prices for 2- and 4-door sedans and 2- and 4-door hardtops are all less than \$3000. These prices include excludes and suggested dealer delivery and handling charge. Transportation charges, state and local taxes, accessories and optional equipment additional.

DON PITTMAN MOTORS, INC.
845 MAIN STREET ANTIOCH, ILLINOIS

It's Tornado Time— Take Precautions

Spring may be a many splendored thing, but for some citizens, particularly those in Chicago's suburbs it marks the start of the tornado season—with its threat of tragedy and destruction. A dozen tornadoes were sighted in the metropolitan area last year. Storms in April, August and November hit Cook, Will and Lake County towns.

"Be Alert!" is the best advice for this season, says Edward A. Menke, the volunteer disaster chairman of the Mid-America Chapter, American National Red Cross.

Menke says tornadoes can strike any time of day, but most are likely to form between 3 and 7 p.m. "The best action is a fast reaction!" notes Menke. He cites these lifesaving tips for approaching tornado funnels:

1. In open country, whether walking or driving, find the nearest ditch or ravine and lie in the bottom.

2. In a town, no matter whether working, walking or riding, find cover in a strong building. Stay away from windows (tornadoes whip objects through the air at fantastic speeds; have been known to drive stalks of

straw deep into utility poles). 3. If at home, bring children inside and go to the basement or storm shelter—fast! Huddle against the wall that faces the approaching storm.

4. If there is no storm cellar or basement available, take cover under or near a piece of heavy, protective furniture (desk, table, couch), placed against an inside wall. If there is time, open a door or window on the side of the building away from the oncoming storm. This will reduce rapid changes in air pressure and may prevent the house from "exploding."

Menke said Red Cross has trained disaster volunteers to assist tornado victims anywhere in the five-county area surrounding Chicago's Loop. They can provide the victims with food, clothing, shelter, medical attention or long-range care and services.

"SERVING THE LAKES REGION SINCE 1894"

Citizenship Rally To Hear Hungarian Refugee

Dr. Nicholas Nyaradi, Director of International Studies at Bradley University and Former Minister of Finance of Hungary, will be featured speaker at the 4-H Club Citizenship Rally April 14 at the Farm Bureau at the Lake County Fair Grounds. Dr. Nyaradi will speak on the subject, "Stronger Than the Atom."

The purpose of the rally, according to Farm and Home Advisers is to promote a greater interest in Citizenship Activity and to get more 4-H members involved in various phases of citizenship.

Rescinds Action On Drivers License

Springfield, Ill., March 25—Secretary of State Paul Powell today announced the Drivers License Division of his office has rescinded the revocation of the license of an Antioch resident.

The revocation of the license of Norvell C. Wilson, 3 Filweber Court, Antioch, was rescinded following the receipt of information from the Third Municipal District of the Circuit Court of Cook County that a previous report of bond forfeiture on a charge of driving while intoxicated was in error and that the case was not prosecuted. Therefore, the Order of Revocation is withdrawn.

Dr. Nyaradi was born and educated in Hungary and is now an American citizen. Having participated in the anti-Nazi underground movement and later in anti-Communist activities, he and his wife were forced to flee his native country in 1948.

Since coming to U. S., Dr. Nyaradi has written several articles for leading magazines, been honored by American Red Cross and awarded a diploma by President Eisenhower. He has been consulted by numerous government agencies and congressional committees.

His name is listed in "Who's Who in America", "Who's Who in American Education" and "International Who's Who." He was recently awarded the George Washington Honor Medal for his addresses all over the U. S. by the Freedom's Foundation at Valley Forge.

Red Cross Reports Fund Drive Progress

Reports from the Lake County region of the American Red Cross show the fund drive in Lake County going satisfactorily, with \$10,553 received so far. Of this, \$7,928 was turned in by the Industrial division. Some \$80,000 has yet to be collected before the goal is reached.

A special tip of the hat was given to Grant E. Spong of Quaker Industries and his assistants. Spong is heading the Industrial Division in the Antioch-Round Lake-Grayslake-Zion area. Aided by Jerrell S. Babb and Preston J. Reckers, Jr., Spong has over 23% of his goal completed.

Scout News

CUB SCOUT PACK 192

Cub Scout Pack 192 held its monthly pack meeting Thursday, March 24 at 7:30 p.m. at the Antioch Scout House.

The Flag Ceremony was presented by Den 3. Dennis Thain and David Edwards were color guards.

Cubmaster Hellstern and Mr. Gordon DeBoer presented awards. Dennis Thain earned a Wolf badge and a gold and silver arrow; Phil Lindberg and Larry Kitterman, gold arrows; Joe Renfro, Bill Petty, Tom Robinson, Riekey Smouse, and Tommy Irving, silver arrows.

Brinson Perkins earned a Bear Badge and a gold and silver arrow; Lee Haydon, a Bear Badge and John Mehlhorn, a gold arrow.

Bill Carter received a Lion Badge and a gold arrow; Jim Fischer and Frank Nevitt, gold arrows. John Thain and Mark Maras, silver arrows.

Brinson Perkins received Denner stripes and Tommy Irving an Asst. Denner stripe. Greg Kennedy and Richard Miller received year pins.

Art Meyer was welcomed into Pack 192.

Den 2 made St. Patrick's Day trays favors for the children of St. Theresa's and the patients at County Hospital.

The theme for March is "Knights of the Round Table." The Cubbers have been busy at Den meetings making Shield and Swords. They exhibited their work at the pack meeting.

Mrs. Ruth Renfro's Den 1 presented a skit, "Knighting the Knights." The boys of Den 1 made their Knights' costumes, shields and swords for the program. A home project for March was a "Genius Kit." Each boy was given a list of materials he could use and from these materials he could build whatever he could imagine or invent.

The Webelos Dens made some bird houses which they displayed.

The April theme is Mother Nature's Back Yard. The boys will be starting plants in their Dens.

There will be a Father and Son Kite outing April 17 at the Scout House from 2 to 4 o'clock. The boys may buy or make their kites. Refreshments will be served.

The Scouting Exposition will be held at the Lake County Fair Grounds on Saturday, May 14, from 1 to 8 p.m.

A picnic is being planned.

Regulate your driving speed according to road and weather conditions, says the Chicago Motor Club. Often after a winter storm has passed, isolated icy spots remain in sheltered places. Be alert for slippery conditions when driving under viaducts, on bridges, in shaded spots, and in other protected areas.

for June. The adult leaders of Cub Scout Pack 192 attended the 39th annual Scout Leader Appreciation Dinner Saturday March 26 through the courtesy of the sponsoring institution, the State Bank of Antioch.

CUB SCOUT PACK 300

A new Cubmaster, Clarence Lundgren, presided at the March meeting of Cub Pack 300.

The opening flag ceremonies and the pledge of allegiance were given by Den 7. Mrs. Sunich is Den Mother for the group.

Cubmaster Lundgren announced that starting next pack meeting there will be roll call. Every boy present is expected to have one or both parents present at the meeting. Each Den will sit together, and special recognition will be given to the den with the largest number of parents and Scouts in attendance at the meeting.

The charter for the pack was received and presented to Mr. Charles Geist, who represented the Holy Name Society of St. Peter's church, sponsors of the pack.

There will be an all day outing at the Kettle Moraine

State park in Wisconsin on Saturday, April 23. If there are enough boys interested, cars and drivers will be furnished. The Scouts are asked to bring a sack lunch and written permission from parents. Contact Den Mothers for further information. There will be Scouts from all over Lake County in attendance.

The Cub-O-Rama will be held again this year at the Lake County Fair Grounds in Grayslake. The date is Saturday, May 14, from 1:00 p.m. till 8:00 p.m. Projects the boys have been working on all year will be on display. The Scouts will be issued

tickets in the near future, and they will be sold for 50c a ticket. Part of this money is returned to the different packs to cover expenses for outings, picnics, and various outings for the year.

A new Den mother was introduced. She will take over Mrs. Sally Whitney's Den 2. Her name is Mrs. Gordon Wells.

Awards were then presented to the following boys:

Bradley Fox, Mike Lytle and Art Verkest were promoted to Webelos. Art also received his Lion badge. Mike Randall was welcomed in as a new Scout. Bear badges were

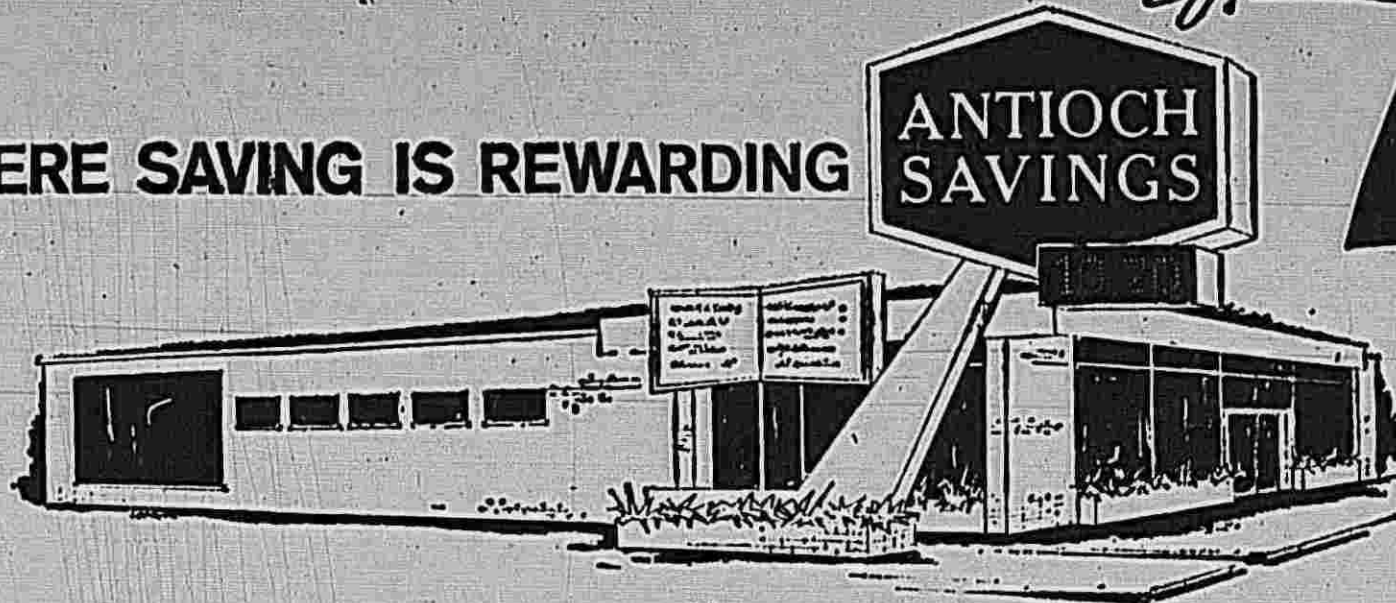

THE ANTIOCH NEWS 10 THURSDAY, MARCH 31, 1966

earned by Jim Hansen and Mike Gutowski. Wolf badge—Bobby Hunt; Gold arrows—John Telsing and Randy Lundgren.

A short skit entitled "A Knighting Ceremony" was presented by Den 3, Den Mother Grace Kleen. This was also the theme of the month.

The meeting was adjourned and the colors retired. Refreshments were then served by Den 1, under the direction of Mrs. Darlene Mason, Den Mother.

An Unusual Beauty

An unusual blue flower with blue-green leaves is called **Centra therum Manos Beauty**. Try it this year for a new blue in your garden. It is very easy to grow; tolerates any soil.

The availability to the gardener of a flower often depends solely on the supply of seeds. Such is the case with an oddity called **Centra therum Manos Beauty**. It has been offered in a limited way for several years but there has been such a small supply of seeds that it was impossible to distribute it widely. This year there apparently is enough seed to make gardeners may try this different flower.

Because the bloom color is blue, it is bound to be a favorite when it becomes known. Other things to commend it are the leaves, which are deep blue-green and grow in rosettes. Its lack of insect pests and its tolerance of any soil.

Manos Beauty grows 2 feet tall and plants in a row are so nearly the same in height that they form what appears to be a clipped hedge. This should make **Manos Beauty** a valuable addition to any garden.

Indoors, too, it is valuable as it will bloom in a window garden during winter, in a green house or under fluorescent lights.

3 BIGGEST YEARS
OUTPUT OF STEEL IN U.S.
MILLION OF NET TONS
1955 117.0 1964 127.1 1965 131.2

PERCENTAGES BY PROCESSES:
1955 1964 1965
Open Hearth 90.0 77.2 71.8
Basic Oxygen 0.3 12.1 17.4
Electric 6.9 10.0 10.3
Bessemer 2.8 0.7 0.5
TOTAL 100.0 100.0 100.0

OUTSTANDING among the year's records of industrial production was steel output of 131.2 million net tons in the United States during 1965. This exceeded the previous high of 127.1 million tons set during 1964 and included records in output by basic oxygen and electric furnaces, says the periodical **Steel Facts**. Production by the basic oxygen furnace, at nearly 22.9 million tons, showed an increase of 48 percent over the former high of 15.4 million tons set during 1964. Each year's production by these furnaces has risen since figures were first reported in 1955 at a little over 300,000 tons.

THURSDAY, MARCH 31, 1966 THE ANTIOCH NEWS 11

TB and Lung Cancer
Female tuberculosis patients have 10 times the risk of developing lung cancer as do women free of the disease, Israeli studies indicate. The risk for male TB patients is five times as great.

Down, Down, Down
A 51-foot aluminum submarine capable of reaching depths of 15,000 feet, the *Aluminaut*, has been built in the U.S. for deep-sea research. The deepest part of the ocean is 35,800 feet down.

Wanted: Electric Light
Breathing the fumes of candles and oil-burning lamps while living in cramped quarters may be a common cause of nasal and throat cancer in southeast Asia, London researchers report.

Drugging an Oyster
Dipping oysters in an antibiotic solution before searing them produce an increase of 30 percent in production of top quality pearls, a Japanese fisheries expert has found.

Thanks to dramatic advances in surgery, heart conditions which would have been fatal as recently as 15 years ago can be corrected today, your Heart Association reports. Damaged heart valves and inborn heart defects can be repaired, and diseased arteries can be replaced with synthetic arteries.

The Antioch News

do pennies make
a difference in
your food bill?

You bet they do.

And we should know.

We built our business by saving pennies
for generations of folks like you.

For instance, take our policy on multiple-priced items.

If an item is priced 3 for 25¢, the price for one is obviously 9¢.

But what happens if you want two?

Do you pay 2 times 9¢ or 18¢?

Not at A&P.

We sell it at 2 for 17¢.

That's the fair way—the A&P way.

Yes, in the food business...

in food budgeting, pennies make a difference.

We watch them for you and for us.

Is this a good reason for shopping A&P? It's one of many.
